

17 February 2014

To The Austeng Team,

Austeng is truly Geelong and has been an invaluable supplier of resource for our youth training program, your involvement now spanning some 10 years. On behalf of Diversitat and particularly our team here at YouTurn, I would like once again to offer our sincere thanks and appreciation of the plate steel used in our welding training.

This is far more than just a program to us, it gives an opportunity for the disengaged youth of Geelong to reengage and be given a positive pathway forward, many having fallen through the cracks of the education system. State Funding alone doesn't supply all of the needs of our practical workshop, it's support like yours that help give the true industry experience that our young people need.

Thank you

Kind Regards,

Kerren Lange
You Turn Program Coordinator
Diversitat Youth Education

Diversitat is a registered charity.

57 Chev Nostalgic Gasser Drag Car

This vehicle was recently prepared and resprayed by a very enthusiastic group of trainers and Students

The results are amazing and our YouTurn Logo will soon be travelling down the 1/4 mile strip in less than 10 seconds!
